

# GAIN ACCESS INTERNATIONAL EXPERTISE

“Our clients with global operations have access to top-quality resources worldwide by working with BerryDunn.”  
–Dave Erb, Principal

BerryDunn is an independent member of HLB International, which has member firms in 100+ countries, combining international resources with the benefit of local accounting/tax expertise. HLB independent member firms ensure that you receive partner-led, high-quality service wherever you operate.

No matter where your operations are globally, BerryDunn international experts coordinate and monitor all aspects of the multinational engagement. We work with the local advisors to make sure you don't experience any disruption, whether it's reconciling statutory reporting or receiving timely international trend analysis from your foreign affiliates. You can rely on BerryDunn to make sure the process meets our standards and your timetable.

Our global network offers outstanding international tax services to help companies position themselves for optimum global tax efficiency and effective tax compliance.

### Gain access across the world.

HLB International's independent member firms have served multinational clients from all industries for over 40 years.

### Gain control with compliance.

BerryDunn and HLB International independent member firms have expertise to help you navigate global compliance and convergence issues with GAAP and International Financial Reporting Standards.

### No need to worry.

Our independence has never been compromised. Our firm and HLB International independent members meet exacting standards. The BerryDunn international experts coordinate the process and own the results.

BerryDunn teams are designed around each client, putting the **right skills and expertise** in place to give you every advantage.
