

Planning, strategy, and execution for successful outcomes.

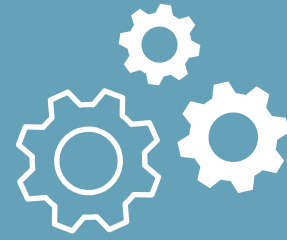

We help organizations by developing and executing strategies that optimize business, operations, and development functions, allowing greater focus on mission fulfillment. By working collaboratively to find solutions that fit their culture, we position them for future success.

Our approach to higher education clients looks at different areas and how they interact with each other. The goal? To create seamless integration now, with an eye toward a more efficient and effective future for your organization

GAIN SOLUTIONS

We are a national consulting practice serving higher education clients to create actionable solutions aligned with institutional priorities that help students, faculty, and staff achieve successful outcomes.

Organizational and technology transformation

Planning and implementation of enterprise systems

IT Governance, Risk, and Compliance (GRC)

OUR AREAS OF EXPERTISE

Organizational and technology transformation

IT assessment, consulting with client leadership, developing strategic technology plans, transitioning to a service management culture, and assisting clients with implementation activities.

Planning and implementation of enterprise systems

Assessment and evaluation of existing enterprise systems, options analysis, requirements definition, vendor selection, design and planning for shared services, implementation oversight, and project advocacy. Understanding current practices, identifying process improvement opportunities that include workflow redesign and technology changes, and assisting clients with implementation.

IT Governance, Risk, and Compliance (GRC)

Objective security and risk assessments drawing upon industry frameworks, planning for remediation, and compliance with increasing rules driven by security and privacy concerns, such as HIPAA, GLBA and PCI. Also, the organization and advancement of data governance principles, practices, policies, and management.

With offices and employees located in 30+ states—wherever you are based, we look forward to working together.
